About On3 NIL Valuations: Individual NIL contract amounts are never publicly disclosed. The valuations shown below are **estimates generated by On3's NIL algorithm**, which models earning potential based on social following, engagement rate, sport, school market, and performance. These are widely cited by ESPN, Sports Illustrated, and sports media as the industry standard proxy — but they are estimates, not confirmed earnings.

NIL ECOSYSTEM BREAKDOWN

1890 NEBRASKA COLLECTIVE

The official university-endorsed NIL collective of Nebraska Athletics. Covers the full volleyball roster.

$5M

10-year deal with Nebraska Crossing & JUSTDATA. Founded by Matt Davison (former Husker WR) + Tom & Shawn Peed (Sandhills Global). Rebranded from *The 1890 Initiative* to **1890 Nebraska** in July 2024 as the official university-endorsed collective. Largest NIL gift ever dedicated exclusively to a women's sport program at the time of signing (July 2023).

ON3 ESTIMATED NIL — ROSTER COMPARISON

Estimated annual NIL valuation based on On3 model. Social following is the primary driver for volleyball players.

NIL'S ROLE IN NEBRASKA'S COMPETITIVE EDGE

RECRUITING

The $5M collective deal was announced alongside Nebraska's recruitment of Harper Murray — the nation's #1 recruit in 2023. NIL was a direct factor in her choosing Nebraska over competing programs.

TRANSFER PORTAL

Merritt Beason (Florida → Nebraska) credited the NIL ecosystem and collective as a key reason for her transfer decision. She became a 2× All-Big Ten 1st Teamer and AVCA All-American at Nebraska.

REVENUE SHARING ERA

Under the House settlement (2025), Nebraska must now decide how to allocate direct revenue sharing alongside NIL collective deals — creating a new competitive dynamic as the sport's economics rapidly evolve under new coach Dani Busboom Kelly.
